

Financial Highlights (unaudited)

The following table presents the summarized consolidated results of the Group for the years ended December 31, 2008 and 2007, respectively. All amounts are shown in USD millions and rounded to the nearest million unless otherwise stated with the consequence that the rounded amounts may not add to the rounded total in all cases. All ratios and variances are calculated using the underlying amount rather than the rounded amount. This document should be read in conjunction with the Zurich Financial Services Group Annual Report 2008. Certain comparatives have been restated as a result of a change in accounting policy. Comparatives for return on common shareholders' equity and business operating profit (after tax) return on common shareholders' equity have also been restated as we have changed the calculation from a compound to a linear basis.
